Result

Given the constraints and observed performance issues, the appropriate action ...

We will increase `resources.requests.cpu` from `50m` to `200m`. This value is chosen because...

Revised Configuration:

```yaml
resources:
  limits:
    cpu: 2000m # Increased from 500m
  requests:
    cpu: 200m # Increased from 100m
```
